Bungee Hooks

Assembly:

1. Lay out the steel poles.
2. Space the bungee cord hooks evenly around poles.
3. Assemble the poles to form the frame as shown in that order.
4. Attach the net using the hooks on the bungee cord loops.
5. Weave the ribbon through the net to create the target.
6. Insert the end caps into pole 1.
7. Place screen on grass and secure to the ground using the stakes.
