# RHINO FLEX L-SCREEN Baseball/Softball

1. Spread the net out with the slot opening on the long pocket in the up position and join the frame pieces together. **IMPORTANT NOTE: Longer pole should be laid on the longer net side.**

2. Slide the frame into the pocket and pass the pipe through the opening (A). Align the frame to match the opening in the pocket.

3. Clip the legs onto the ends of the frame.

4. Join the thicker rods (B). Slide one rod down the long side of the sleeve, placing the end of the rod into the pipe.

5. Take the other long rod and slide it **UP** the center sleeve, placing the end of the rod into the pipe.

6. Slip the loop over the top of the rod (C), repeating on the other pole by pulling the sleeve up and looping the cord over the pole.

7. Take the final thinner rod and slide it down the sleeve on the short side, placing the end of the rod into the pipe.

8. Hold the rod and push (D) while pulling up the sleeve and looping the cord over the top of the pole.

9. Put the stake through the ring (E) and into the ground while applying a little tension to the bungee. Repeat on other side.

**WARNINGS** • Only use and set up with adult supervision. • Don't drag. Use two people to move net. • Don't leave net 'set up' unattended overnight or for extended periods in inclement weather. • Keep fingers away from hinges and joints • Only use a flat thumb to depress buttons • Net must only be used for the sport for which it is designed. • Never climb or hang on net or framework. Always keep net securely anchored with stakes or sandbags. Unsecured net can fall over causing serious injury or death.
