

# DELUXE PRO HOCKEY GOAL SHGPRO

## Features:

- Official size street hockey goal
- 2" 16-Gauge heavy-duty galvanized steel frame
- 5 mm weather treated net for outdoor use
- Pro-style top and frame design with rounded back bar
- 72"W x 48"H x 46"D
- Red/White

## Instructions:

Designed to withstand the hardest shots, the Champion Sports Deluxe Pro Hockey Goal features a heavy-duty powder coated steel frame for exceptional durability and stability.

1. GOAL ASSEMBLY - Review the parts list before assembling. Figure 1.
2. Assemble all posts as shown. Welded net loops must face the correct direction for net attachment. Figure 2.
3. Be sure all pieces are completely inserted.
4. When attaching net, line up corners correctly then set using Velcro ties. Fold the 60 poly cord in half and start roping from the front middle, wrapping through every other hole, pulling tightly throughout. It is recommended that two people do this together. In some cases, one side of the net will seem larger than the other. Continue roping the net on. When the two sections of the rope meet in the back bottom-middle, the net will fit perfectly.
5. Tie off the rope at the back bottom of the goal. MAKE SURE TO ROPE THE NET ALL THE WAY. Figure 3.
