

amazon Customer Support Center

Here at Champion Sports, we know it can be frustrating for our valued customers when you can't get the support you need for a recent purchase on Amazon.com. That's why we created a dedicated Support Center to provide a direct connection to us for the help you are looking for.

Inaccurate Amazon Order

If you haven't received your Amazon order, received the wrong item, wrong quantity, damaged products and/or damaged-in-transit products, need to return an item or are looking for a refund, please call Amazon's Customer Service department at **888-280-4331** during their regular business hours.

Because all orders placed with Amazon are fulfilled by Amazon from their warehouse, those issues must be addressed directly with Amazon.
