ASSEMBLY INSTRUCTIONS:

A. Assemble the frame by screws and push up pins as shown in the diagram.

B. Use the elastic net hook to attach the net on the frame. Follow the net installation sequence below:
   (1) First, attach the 4 net hooks at the 4 corners of the net to the frame as shown.
   (2) Next, attach the 4 net hooks at the 4 corners of the net to the frame as shown.
   (3) Then, attach the next set of 3 net hooks on the both sides of the net to the frame.
   (4) Attach the remaining 4 net hooks to the top and bottom of the net to the frame.

C. Loosen the screw knob on pole 9 to adjust the screen angle, and tighten it when using.

D. Place 4 ground stakes over each bottom corner portion of the frame to secure from tipping.
