STORING THE FOLDING SOCCER GOAL
Never leave the Folding Soccer Goal outdoors when it’s raining or snowing.

FOLDING FEATURE:
Remove the locking pins on both front bottom corners. Your goal can now be folded into a flat position. Reinsert the locking pins into the flat position. Reinsert the locking pins into the top hole of the hinge assemblies (see illustration). This will lock the pole sections together allowing the goal to be easily stored.

PARTS INCLUDED:
- Poles: 8pcs. (No.1 to 5, see Figure 1)
- Net: 1pcs.
- Stakes: 4pcs.
- Velcro® Loops: 26pcs.

WARNING:
ADULT SUPERVISION IS REQUIRED AT ALL TIMES WHEN SOCCER GOAL IS USED BY CHILDREN.
NEVER LET CHILDREN CLIMB ON THE SOCCER GOAL AS THIS CAN RESULT IN SOCCER GOAL FALLING OVER CAUSING SERIOUS INJURY OR DEATH.
TO REDUCE RISK OF ENTANGLEMENT, KEEP SMALL CHILDREN AWAY FROM NET AREA AT ALL TIMES.
WHEN PROPERLY ASSEMBLED AND USED AS INTENDED, THIS SOCCER GOAL IS DESIGNED TO PROVIDE MANY HOURS OF PLAYING ENJOYMENT.
ASSEMBLING THE FRAME

1. Identify all pole sections and hardware by matching the descriptions in the parts list and illustrations (pole sections are numbered for easy identification).

2. If not already installed, insert eight Push Buttons 10 into the narrow ends of eight Pole Sections as shown in Figure 1.

3. Assemble top pole sections 1, 2 & 1 (see Figure 1) by lining up the push buttons in pole 2 with corresponding holes in pole sections 1. Repeat the process for lower pole sections 2, 1 & 1.

   NOTE: The top pole section assembly 1-2-1 has the Warning Label facing toward the front of the goal.

4. Unfold pole sections 3 & 5 and lock at a 90 degree angle using locking pin number 6. Repeat this step for Pole sections 4 & 5 (please note that these pole sections are pre-assembled).

5. Attach assembled top pole sections 1-2-1 to pole sections 5 by lining up the push buttons with the corresponding holes. Then attach assembled bottom pole sections 1-2-1 to pole sections 3 & 4 in the same manner (see Figure 1). This will complete the frame assembly.

ATTACHING THE NET

1. Attach the net to the frame starting at corners A & B. Wrap a self-stick fastener around the frame and through the net at each corner.

2. Continue to attach self-stick fasteners evenly spaced around the frame as shown in Figure 3. Use 5 fasteners on the top section and the rear base section, use 4 on each vertical side section and 4 on each side base section.

3. Figure 3 shows completed soccer goal with “J” hooks in position for securing the goal to ground.

The Soccer Goal is ready for play or practice!
