

Heavy-Duty Lockable Ball Locker

LBCXX

Features:

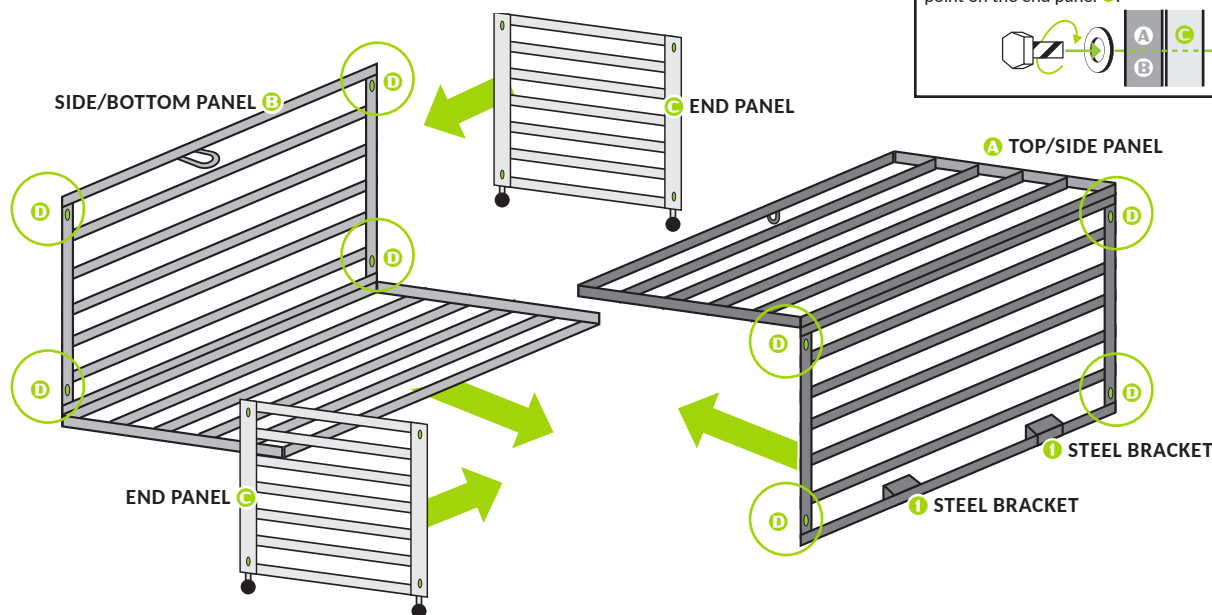

- Holds up to 30 basketballs, soccer balls or playground balls
- Closing lockable top cover
- All-steel construction
- High polish finish
- The caster wheels come already assembled to the side panels
- 42"W x 24"D x 33"H (wheels included)
- Weight limit: 132 lbs

Included Parts:

- Ⓐ One hinged top/side panel, with locking eye on top
- Ⓑ One hinged side/bottom panel, with bottom rail on one side
- Ⓒ Two end panels with
- Ⓓ Connection points for the hardware pack assembly: eight screws, eight nuts, sixteen washers

Assembly Instructions:

Ⓓ **CONNECTION POINT:** Insert a screw into a washer on the outside of the connection point Ⓓ on Ⓐ and Ⓑ. Screw into a washer and nut on the other side of the connection point on the end panel Ⓒ.

1. Place the top/side panel on a flat surface, with the locking eye facing up Ⓐ.
2. Hold the side/bottom panel upright, with the bottom rail facing down Ⓑ.
3. Slide the bottom rail of the bottom/side panel into the two steel brackets ❶ welded on the bottom of the top/side panel Ⓐ.
 - a. NOTE: Make sure the lid rests on top of the locking eye.
4. Position the two end panels Ⓒ into their openings, one on each end of the combined top/side panel Ⓐ and bottom/side panel Ⓑ.
5. Align the holes at one of the connection points Ⓓ with the corresponding holes on the end panel Ⓒ. See diagram Ⓓ above.
6. Repeat for all of the connection points. NOTE: Do not fully tighten the screws until all panels are in place first.
7. Carefully stand the unit upright.
8. Check if the unit is level on the floor using a spirit level and make any necessary adjustments.
9. Once level, securely tighten all of the screws at every connection point.
